It is scarcely any exaggeration to say that despite his bluff, sometimes gruff, manner, Sir James personally occupies a place in the respect and affection of the people of this Province only equaled by the hold the late Sir John A. Macdonald and Sir John Thompson had. It was known that Sir James was ill, but when he left Washington for New York two weeks ago it was fully expected he would be home for Christmas. On arrival in New York, however, his condition became worse and he was ordered to bed, and nurses were called in to attend to him for the first time since. At the time of writing only the faintest hopes are entertained for his ultimate recovery, and it is

Chesapeake where a fuse had blown out and dropped on some clothing and into an umbrella stand. There was no difficulty in conquering the flames, but the damage will amount to about \$75. When working on this fire Chief Ten Eyck was approached by Mr. Chesapeake's brother, who lives at 606 King street west. He stated that his wife and he were all wrong, and so the fire chief went over to investigate. He found that a fuse had blown out on a combination fixture under a dome in the ceiling, and that a large hole had been torn in the ceiling. The fire started in the hole and the house will have to be overhauled, and this means an expenditure of about \$25.

The regular meeting of the Ministerial Association took place this morning in the Board Room of Centenary Church. Rev. Dr. Workman was to have addressed the meeting on "The Suffering Servant," but telephoned from Toronto that he would be unable to be present. He stated that he would be able to come on January 19th, for the meeting on "The Suffering Servant." He gave to the meeting a paper which was very much appreciated, one by Rev. J. G. Burn on "The Minister's Ability to Soul Winning," in which many good points were brought out, the other by Rev. S. B. Smith on "The Minister's Home." Total says were very much appreciated and a goodly number were in attendance.

Judge Snider, this morning handed down judgments in two of the cases in which he received decision at the last county court sitting. A verdict for the defendant, dismissing the action without costs was found in the action of A. George v. J. A. Anderson and a counterclaim was dismissed without costs. This action was for damages for failure of specific performance of agreement to purchase a tract of land. Plaintiff, W. B. McBrayne for defendant.

In Miller vs. Wybranick, his honor found for the plaintiff, allowing him \$1000.00 and costs. This action was for damages for failure to carry out an agreement to purchase a house. E. F. Smith for plaintiff; Harry Carpenter for defendant.

The county elections are on to-day, and according to reports which reached the court house this morning, the voting was very heavy. "It looks like the biggest election we have had in some years," remarked a court house official. Tax-payers are more divided this year than ever before on county matters, and it may mean that last year's administration will be overthrown completely. In Dundas a determined effort is being made to "lick" Councillor Collins.

False Report of Death of Sir James Whitney

Yesterday afternoon, the Canadian Press sent out a very clear and correct message on the condition of Sir James Whitney, yet in spite of this a local newspaper stuck up a headline announcing his death. The Catholic press spread and at the close of the service in Christ's Church, the Cathedral here, a notice in *Saul was slain* appeared on the organ. Many of the congregation did not know of this morning's news.

late Saturday night, the end of the party was called up and notified that the man was lying unconscious on the road on Wentworth street, a few blocks from the "ambulance." The ambulance was sent to the scene, and Harold, who was with the crowd, was taken to the hospital, where it was discovered that he was suffering from a severe case of alcoholism. He was taken in liquor. When questioned he could not say how he got to Wentworth street, but he said he had been drinking. He was taken to the hospital, where he was kept in a room with other patients. He was taken to the hospital, where he was kept in a room with other patients. There are to be two examiners, one to be appointed by the Hamilton Automobile Club, and one by the government, who must also be a member of the local Automobile Club. The fee for examining an applicant is \$1 for each exam. The chairman of the Hamilton Automobile Club has suggested as its representative S. M. Kenney, who is a member of the executive of the Hamilton Automobile Club, and also a director of the Ontario Automobile Association. He is confident that he will find someone who will act, however, the matter of license issuing is at a standstill.

City Engineer Opposed to An Amalgamation.

Just what effect the Hydro Commission will have on other departments of municipal work is a question worrying not a few over at the city hall. A dispute over open meetings of the Board is looming up, Mayor Allan favoring the idea, while T. J. Stewart, M. P. it is said, is for doing business behind closed doors. It is also feared by those in charge of the waterworks system that the first thing T. J. and Engineer Sifton will want to do is to place the Hydro and Water system under one management, as done in London by a vote of the people on election day. Engineers

day that the election gag of T. J. Stewart and Engineer Sifton involved a proposal to build a hundred-million-dollar reservoir on the mountain top was nothing more or less than an underhand move to launch an agitation for the waterworks under Hydro jurisdiction. The secret of the scheme, the Times was informed, is to reduce the Hydro's peak load at the expense of the waterworks, which cannot be done very well while the power officials have no say in the management of the water pumping system.

Newton Dickson, a blacksmith, of Oakville, was admitted to the City Hospital last night, suffering from a badly fractured skull, as the result of a vicious kick from a horse. Dickson yesterday decided to visit some friends in Appleby, a small village nearby. About five o'clock, while leading one of the horses to a trough outside the barn, the beast suddenly jerked itself free from him, and, jerking, caught him on the base of the skull with one foot. He was picked up unconscious, placed in a

Mayor Allan Declares He Is Taking No Part in Political Slates.

It is generally conceded that his annual salary should be increased to \$4,000 this year, and that he should be considered as a City Solicitor. One city official, who has been in office eight years and has not yet received an increase, although he is considered by the most faithful and hardest working of municipal employees is W. W. Main, assistant treasurer. He is a man of high character and has always agreed that Mr. Main should be among those given larger remuneration, but in some years planned managements have not agreed. There are other officials, such as City Clerk Kent, Secretary Kappeler, and some of the deputy officials who have not been increased for years.

About fourteen officials were recommended for increases.

About Sending Liquor Up
To Boarders' Rooms.

Many people are under the impression that if they are stopping at a hotel they can order drinks sent up to their rooms at any time after the regular closing hours. This was knocked on the head by License Inspector Sturdy this morning, who stated emphatically that such was not the case. A man can order all the drinks he wants before the closing hour, but on a week night, Saturday or Sunday, he must be paid for and delivered in his room before that time. If a man gets a sealed bottle of wine or any other beverage, he must break the key sent up to him he must break the bottle in his room and sample the contents before he takes it out of the room; if he should neglect to do this and serenely walked out of the hotel with a full bottle of wine, he is liable along with the hotel for the cost of the thing with the joint providing of course that the officials manage to get him with the goods.

Several complaints have been received by Mr. Sturdy about an uptown hotel that is selling liquor to its guests after hours. Mr. Sturdy investigated and

But It Fell Into Hands of Honest Woman.

By Beggs & Shannon on Saturday morning a woman, who had purchased four pairs of socks, received a parcel with eight pairs and a two-dollar bill in it. Upon it to one side and received a rather severely burned hand, but fortunately no more serious damage was done. Several telephone wires also came down in different parts of the city.

She went to the store and reported the affair. She was told that the parcel girl had handed her the bundle in mistake for her own, and thanked for her honesty.
